New Book! "The Originator & the Domestic Life: Origin of the Polygamous Marriage of the Messiah, the Honorable Louis Farrakhan"

Karriem Allah releases book that describes the Self-Creation of the "Originator" of the Universe, and how the Honorable Louis Farrakhan's Polygamous Marriage is rooted in this Eternal Event.

Newark, Delaware, September 20, 2017: Most people agree that a supreme intelligence is behind the existence of the Universe. Notwithstanding, scientists continue to ponder the Universe. Where did it come from? Why did it appear? Who made it? This book tackles such questions through the Teachings of the Honorable Elijah Muhammad—regarding the "Originator" of the Universe and of all life throughout it.

This book describes the Originator's Self-Creation and HIS creation of the "Woman,"—together, representing the First Family in the Universe. This is the origin of the Domestic Life, which extends and relates to the polygamous marriage of the Messiah, the Honorable Louis Farrakhan.

According to the Honorable Elijah Muhammad, the Originator did not create the Universe perfect; but, as a goal, HE set it on the course that would bring it to Perfection. This goal is presently being achieved through the presence and work of Master Fard Muhammad, God in Person. The Messiah is borne of this Perfection; and His Domestic Life represents the First Family of the new beginning of a New Universe and New Expression of Life, as prophesied in the Bible and Holy Quran. This book delineates the dynamics involved in this Reality in the fulfillment of the Messianic Prophecies.

It is important for you to arm yourself with this essential knowledge!
