New Book! "Obeying Divine Commands: Toward Understanding the Polygamous Marriage of the Honorable Louis Farrakhan, the Messiah"

Karriem Allah releases book that provides greater insight into how Allah has guided the Messiah, the Honorable Louis Farrakhan; why Allah required the Messiah to enter polygamy; and why Allah chose younger women as wives for the Messiah.

Newark, Delaware, November 8, 2017: Today, many people view polygamy as abnormal, not to mention the specific marital unions that comprise it. For example, a polygamous marriage that involves a man having wives notably younger than he may appear socially unacceptable to many people. Some may even call it perverse depending upon the age gap—that is, how much older he is compared to them. The man is usually ridiculed by those who perceive him as exploiting women.

According to the Bible, major prophets such as Abraham, Moses, Lot, David, Solomon, and Prophet Muhammad were involved in polygamy. Today, most of them are criticized, even condemned, for doing so.

This book explains the divine covenant between Allah and HIS messengers, and the requirement for them to obey Allah, exclusively. This book shows how the prophets' entire lives are governed by Allah through the divine commands HE places upon them.

The premise of this book is Sura 13:38 of the Holy Quran, through which Allah declares that HE governs the marriages of HIS divine messengers—HE states: "And certainly We sent messengers before thee and appointed for them wives and children. And it is not in (the power of) a messenger to bring a sign except by Allah's permission. For every term there is an appointment."

The Honorable Louis Farrakhan's polygamous marriage is facilitated through divine commands that require Him to take specific women in marriage. These marriages, as they are made known, present challenges and, consequently, indelible trials due to a lack of understanding. This book provides knowledge aimed at increasing the reader's understanding in this regard.

In parsing Sura 13:38, several questions are considered: Why is marriage so important that Allah appoints wives for the Messiah? What is involved in the process of "appointing wives"? Why does Allah choose younger women as wives for the Messiah? What challenges do the Messiah and His wives encounter as they attempt to fulfill Allah's divine commands? Pursuing the answers to these questions give rise to other considerations, which are also discussed in this book.

It is important for you to arm yourself with this essential knowledge!
