New Book! "Obeying Divine Commands: Toward Understanding the Polygamous Marriage of the Honorable Louis Farrakhan, the Messiah, Part Three"

Karriem Allah releases book that describes the divine ordinances in the Holy Quran and Bible that governs marriage and divorce; and as such, shows why the Messiah's polygamous marriage transcends the limitations established by municipal and state governments regarding marriage and divorce.

Newark, Delaware, July 10, 2018: This book describes the progressive nature of the Honorable Louis Farrakhan's work, as the Messiah, in guiding humanity out of the darkness of false social concepts into the Divine Light of the new ideals for proper human development. Marriage is among the most important of these concepts. Why? The value of marriage is immeasurable because it is at the root of "family," which is the basic unit of civilization. Producing strong families, therefore, is a major objective in bringing about the prophesied Eternal Kingdom of Peace.

Allah, through the Bible and Holy Quran, has issued divine commands regarding marriage and divorce. As such, these scriptures show how the Messiah, after having been among the people for a lengthy period of time teaching the divine message of truth, is required to impose divine commands on the people. This book delineates this Reality, which is also stated in Sura 65:11, "A Messenger who recites to you the clear messages of Allah, so that he may bring forth those who believe and do good deeds from darkness into light..."

As it relates to the Messiah, this book explains why His polygamous marriage transcends government statutes related to marriage and divorce. This, no doubt, is a point of significant contention for the Messiah's enemies, who have already scornfully characterized the Honorable Elijah Muhammad's polygamous marriage as illegitimate.

Allah's primary concern is whether the Messiah obeyed the divine ordinances in the Holy Quran, and not what HIS enemies believe, feel or assert regarding the Messiah's private life. Why is this? Allah, in the Person of Master Fard Muhammad, is the Orchestrator of His marriages, as affirmed throughout the Holy Quran. This book discusses the divine ordinances that govern marriage and divorce.

It is important for you to arm yourself with this essential knowledge!
